

Training Module 2: **Accounts**

Because **passion** matters

Welcome to Salesforce: Accounts

A light blue, stylized cloud graphic with a soft gradient, positioned to the right of the title text.

- By the end of this session you should be able to:
 - Understand what an Account is
 - Know when to use Accounts
 - Understand how an Account is created

What are Accounts?

- An Organization that Trion Solutions Inc. is interested in marketing to or selling services to as a whole
- The account holds Company information
- Contacts are associated with Accounts
 - Accessed by Related Lists

- Accounts originate from two sources:
 - PayPlus
 - Accounts created in PayPlus before 12/31/2017 were auto-created in Salesforce
 - New Accounts were not created in PayPlus after 1/1/2018; if for some reason they were they did not get auto created in Salesforce
 - Darwin
 - New Accounts created in Darwin (regardless of date) have not been auto created in Salesforce
 - Accounts are required in order to create a case

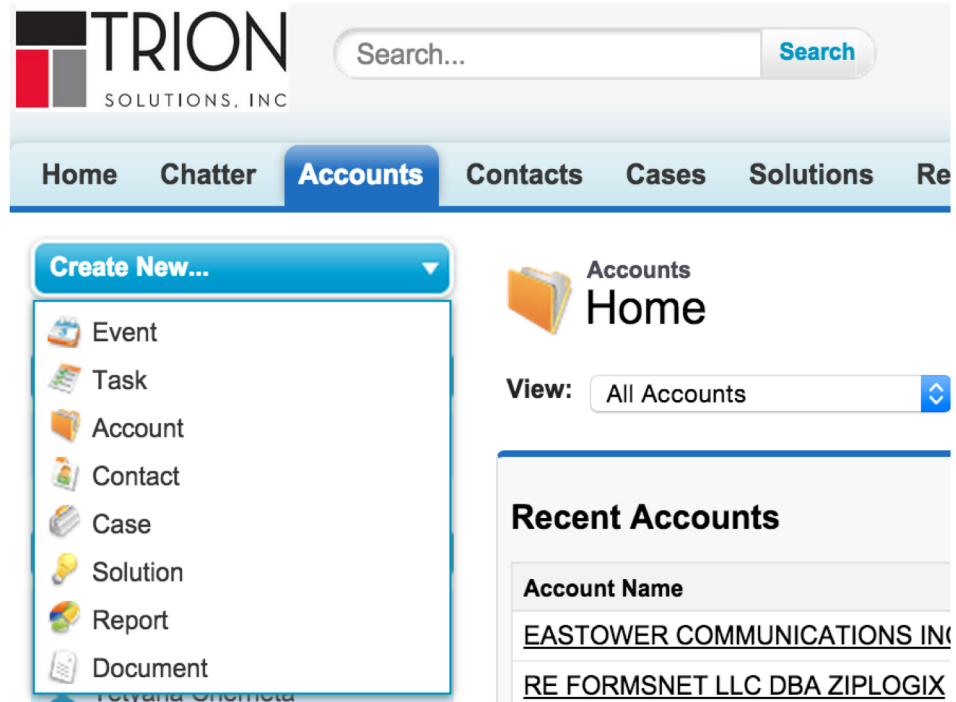

- 2 Types of Accounts
 - Clients
 - Non-clients
- When creating an Account you must select the Type – in almost all cases you will select Client

Available Account Record Types

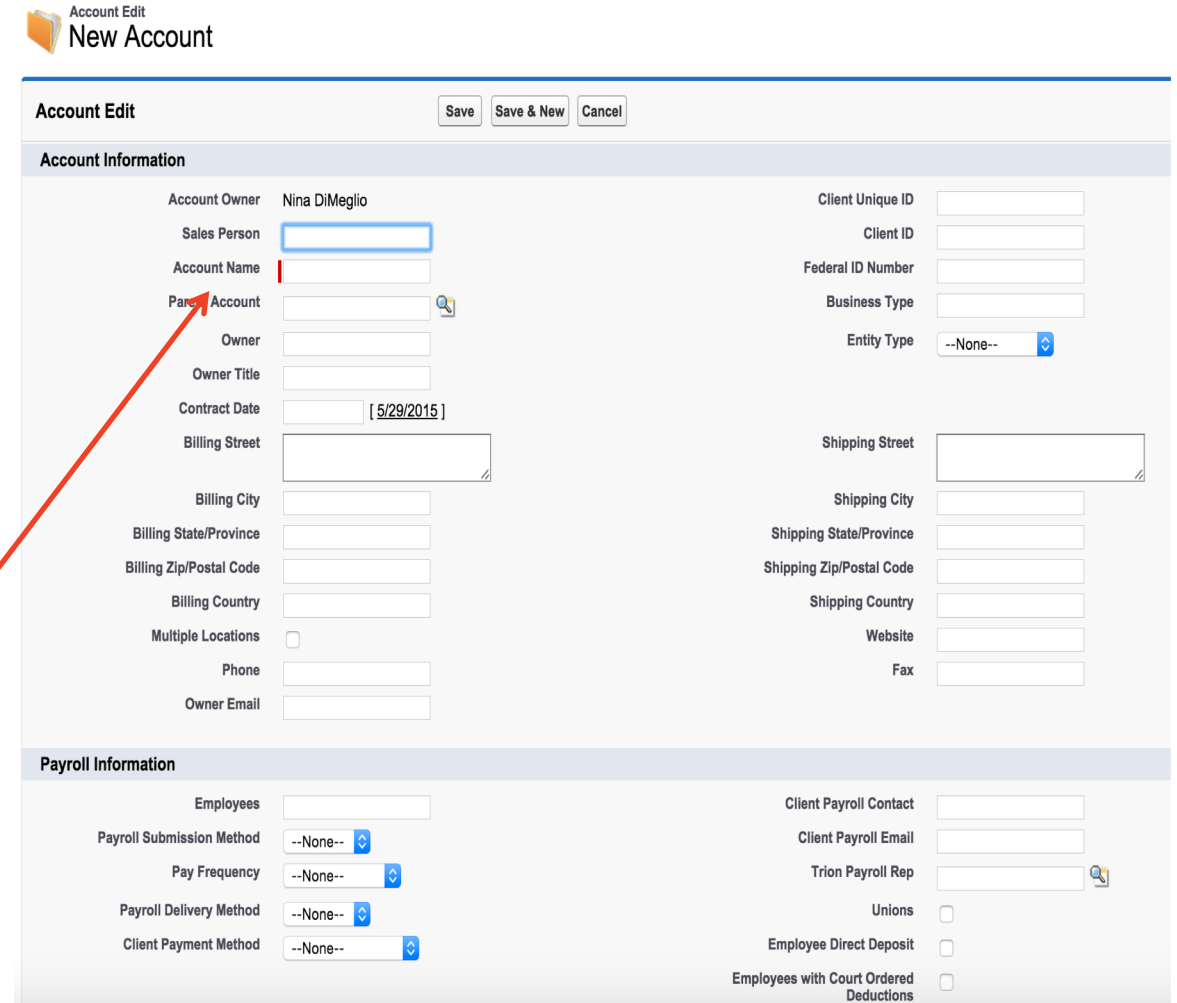

Record Type Name	Description
Client	Potential or Existing Clients
Non-Client	

- Creating a New Account
 - Navigate to create New Account Page
 - Choose Account Record Type
 - (Client/Non-Client)
