

Training Module 4: Cases

Because **passion** matters

Welcome to Salesforce: Cases

A light blue, stylized cloud graphic with a soft gradient and a thin white outline, positioned to the right of the title.

- By the end of this session you should be able to:
 - Navigate the Cases Tab
 - Understand and utilize Case List Views
 - Know how to create a New Case
 - Understand Case Origin, Status and Priority
 - Review: Solutions

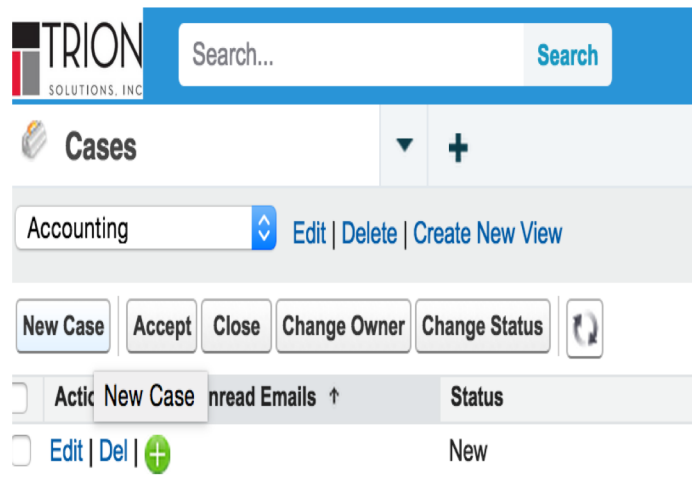

Cases: The Basics

- What is a Case?
 - Description of a customer's feedback, problem, or question
 - Origin: Email, Phone or Web
 - Records include Status and Priority

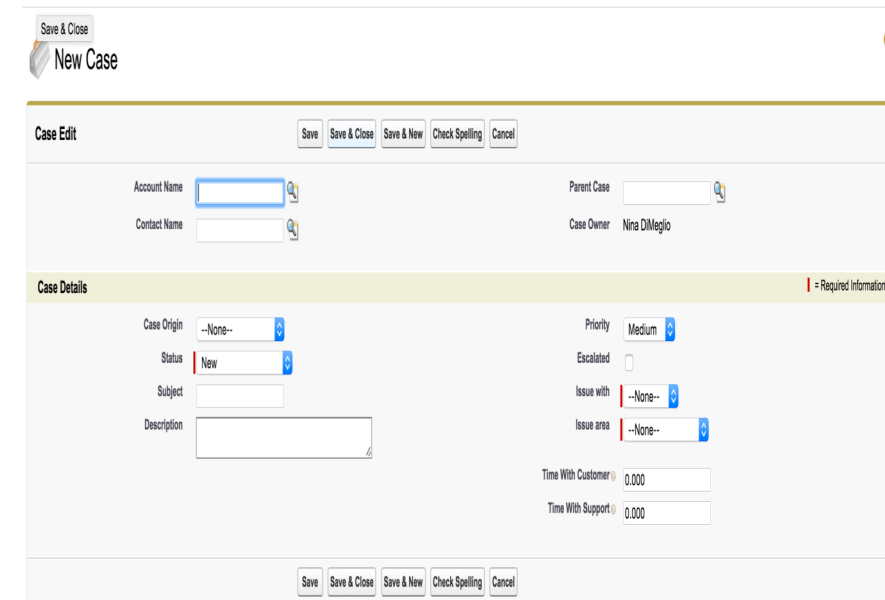

Manual Case Creation

- Cases can be Created in the following ways:
 - Email to Case – auto created
 - Phone Call – manually created

The screenshot shows the TRION Cases dashboard. At the top is a search bar with the text "Search..." and a "Search" button. Below this is a "Cases" section with a dropdown menu currently showing "Accounting". To the right of the dropdown are links for "Edit", "Delete", and "Create New View". Below the dropdown are several buttons: "New Case", "Accept", "Close", "Change Owner", "Change Status", and a refresh icon. At the bottom, there is a table with columns for "Action", "New Case", "unread Emails", and "Status". The "Action" column contains links for "Edit", "Del", and a plus icon. The "New Case" column has a "New" button.

The screenshot shows the "New Case" form. At the top is a "Save & Close" button. Below this is a "Case Edit" section with buttons for "Save", "Save & Close", "Save & New", "Check Spelling", and "Cancel". The form contains several input fields: "Account Name", "Contact Name", "Parent Case", and "Case Owner" (which is pre-filled with "Nina DiMeglio"). Below these is a "Case Details" section with a red bar indicating "Required Information". This section includes fields for "Case Origin" (set to "--None--"), "Status" (set to "New"), "Subject", "Description", "Priority" (set to "Medium"), "Escalated" (checkbox), "Issue with" (set to "--None--"), "Issue area" (set to "--None--"), "Time With Customer" (0.000), and "Time With Support" (0.000). At the bottom are buttons for "Save", "Save & Close", "Save & New", "Check Spelling", and "Cancel".

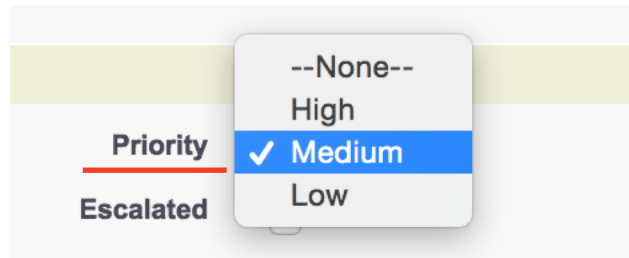

- Emails sent to the following email addresses create a **NEW** case in Salesforce in the following case Queues:

Email Address	Salesforce Case Queue
accounting@trionworks.com	Accounting
benefits@trionworks.com	Benefits
customerservice@trionworks.com	Customer Service
ezweb@trionworks.com	EZ Web
garnishments@trionworks.com	Garnishments
hr@trionworks.com	HR
payroll@trionworks.com	Payroll
sales@trionsworks.com	Sales
staffing@trionworks.com	Staffing
docusign@trionworks.com	DocuSign

Pro Tip: You should be actively monitoring the Salesforce Case Queue rather than looking to your email for new Case Notifications –
do not work cases out of email – work them in Salesforce

- Case Priority
 - How urgent is the Case at hand

- Can also escalate the case
 - Automatic reassignment of case after it falls out of service level standards

- Case Status – details current status in case lifecycle
 - **New** – Created & Waiting to be Assigned to User
 - **In Progress** – Case is assigned to User; next step to progress case is on assigned user
 - **Waiting on Response** – Phone or Email communication sent; waiting on Customer to Reply
 - **Reply Received** – A new Email has been received on the Case and not yet actioned. Next step to progress case is on assigned user
 - **Reopened** - A new Email has been received on the Case and not yet actioned. Next step to progress case is on assigned user – to reach out for further resolution

Case Escalation Rules

- If a Case Status is **NEW** and the Case Origin is one of the **Queues**, the case is escalated to a Manager after 4 hours of case creation

Order	Criteria
1	(Case: Status EQUALS New) AND (Case: Case Origin EQUALS Email - Benefits)
2	(Case: Status EQUALS New) AND (Case: Case Origin EQUALS Email - EZWeb,Email - Payroll)
3	(Case: Status EQUALS New) AND (Case: Case Origin EQUALS Email - HR)
4	(Case: Status EQUALS New) AND (Case: Case Origin EQUALS Email - Garnishments)
5	(Case: Status EQUALS New) AND (Case: Case Origin EQUALS Email - Accounting)

Working Cases in Salesforce

1. Monitor **Case Queues & My Open Cases** list views
2. Pro-actively assign yourself cases from Case Queue by **changing Case Status** from 'New' to 'In-Progress'
 - Auto updates Case Owner from Queue to Logged in user
 - Transfers Case to **My Open Cases** list view
3. Work Case through Case Lifecycle
 - Document Case Comments
 - Send and Reply to **Emails** to ensure connection to Case
 - Update key **Case Fields**
 - Attach related **Case Files**
4. Document Case Closure & Resolution
 - Change **Case Status** to Closed
 - Update **Close Reason**

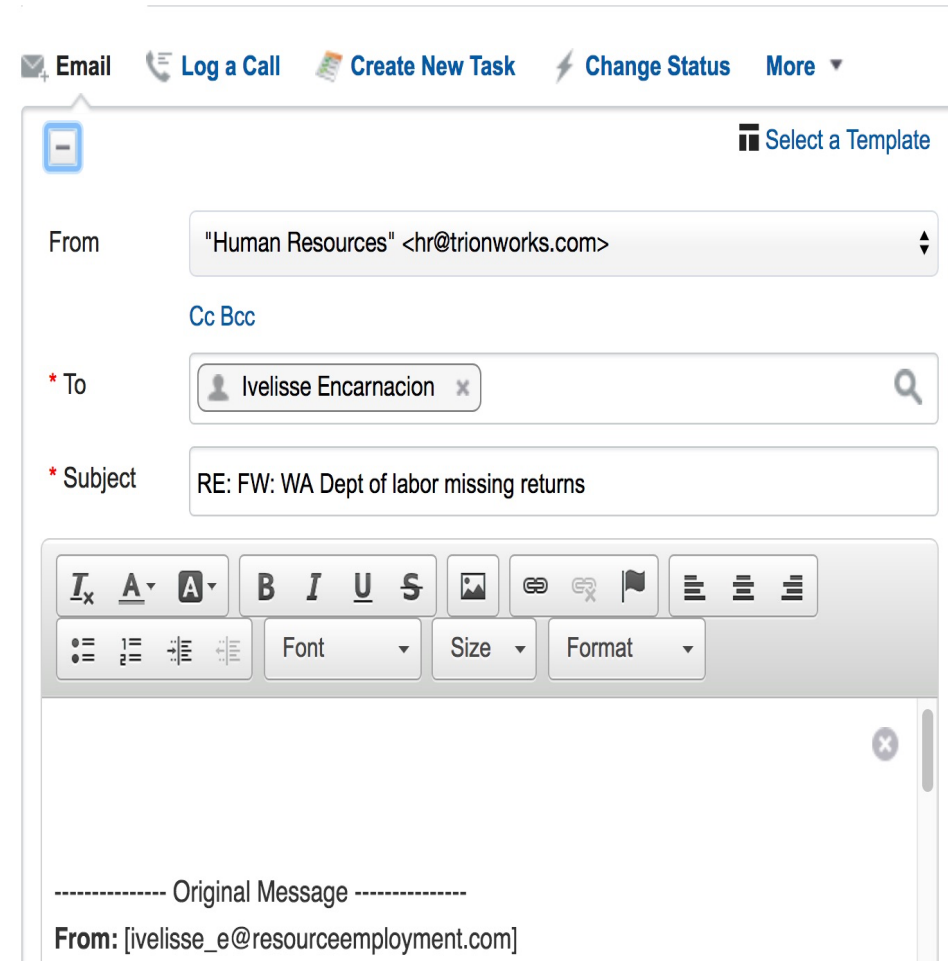

Emailing From Within Case

- Always Email From the Case
- Ensures Case Communications stay within the Case Record

Things to Know about Sending Emails from a Case

- **+/- symbol** on Case Feed for Email opens/hides the To/From addressees
- **To Addressee** auto defaults to **Case Contact**
- **From Address** must be an email to case Address, not your personal address (see next slide for how to auto default)
- **Case Reference ID** is required to ensure case communication threads to case – **do not erase**
- **Case Emails** are rich text enabled and you can attach files
- **Case Email Templates** are available to streamline frequent case communication on standard topics

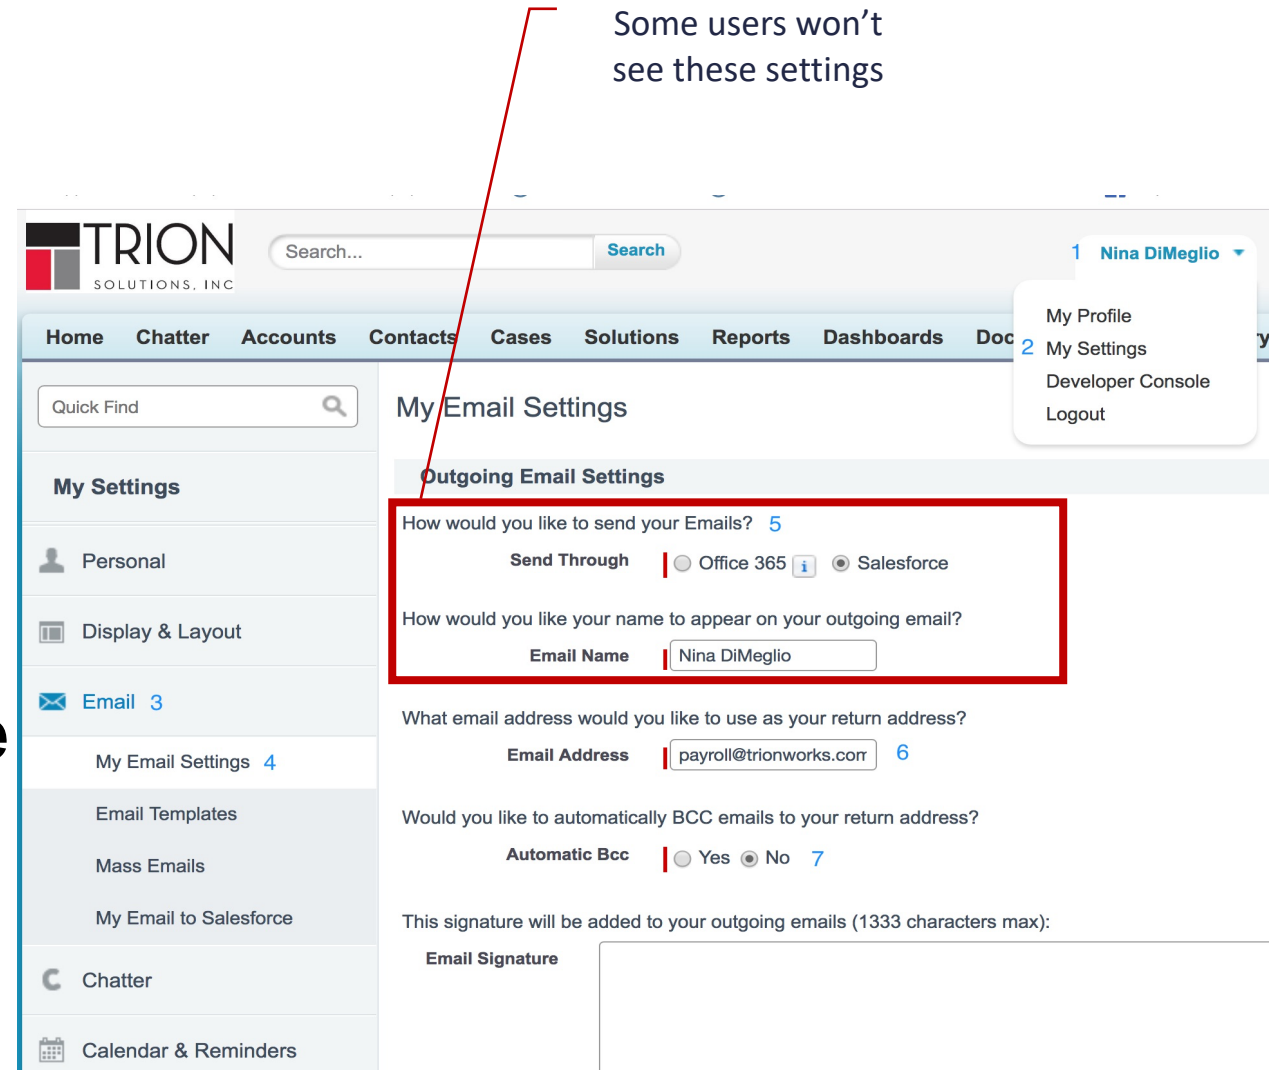

The screenshot shows the email composition window. At the top, there are navigation links: "Email", "Log a Call", "Create New Task", "Change Status", and "More". Below these is a "Select a Template" button. The "From" field is set to "Human Resources" <hr@trionworks.com>. The "Cc Bcc" section is empty. The "To" field contains "Ivelisse Encarnacion". The "Subject" field contains "RE: FW: WA Dept of labor missing returns". Below the subject field is a rich text editor with various formatting options (bold, italic, underline, strikethrough, text color, background color, link, unlink, list, indent, outdent, font size, font family, text color, background color). The email body contains a separator line "----- Original Message -----" followed by the text "From: [ivelisse_e@resourceemployment.com]".

Setting up Email to Case Address as your Default Address

1. Navigate to your **Name**
2. Click **My Settings**
3. Click **Email**
4. Click **My Email Settings**
5. Update How to send emails; **select Salesforce**
6. Update your Email Address to the appropriate **Email to case Address**
7. **Select No** for auto BCC
